

Pairings and Brackets:

The following pairing and brackets should be used for Tournaments not using the Round Robin format.

Junior high finals and state tournament pairings will be sent to you by the state tournament directors. If teams drop out after you receive those pairings a bye will be placed in that team's position. If more than one team drops it will be necessary to use the next even pairings schedule. This replaces the previous format where byes went to the bottom of the pairings schedule.

All of these team pairings are included as a tab in the excel files under Tournament Pairings and Brackets.
